YORK®
WALLCOVERINGS

York Wallcoverings Factory 1900s

DESIGNED TO INSPIRE

York Wallcoverings' family of employees have an integrity and commitment to service and quality unsurpassed in the wallcovering industry. York stands alone in experience and knowledge among its peers.

Our authentic handcrafting and artisanship dates back over more than a century. It is this design heritage, working hand in hand with the latest in modern technologies,

which defines York Wallcoverings' portfolio as the most diverse within the wallpaper industry today.

By reimagining centuries old artisan handcrafting and authentic techniques through modern innovation, creativity touches every part of the York manufacturing process.

DESIGN & MANUFACTURING

Long recognized for its collective talent, York Wallcoverings' design studio maintains a reputation for innovative styling and fine artistry, having extensive design expertise in all wallcovering product types including residential, commercial, high performance, acoustical and peel and stick. York's creative studio staff is in the unique position to layer design technologies and manufacturing techniques to bring their vision to print reality.

As the exclusive provider of rare Surface Print technologies in North America, and the only manufacturer with all five wallpaper printing types housed under one roof, York finds itself as the preeminent authority on wallpaper printing in the United States.

It is this design heritage which informs York's visionary adaptability and resilience, withstanding the test of time, and steadfast in dedication to excellence of design and industry with a focus on the future.

YORK
Archives

Drawing from our past, the York Archives provides access to thousands and thousands of document designs dating back to the early 18th century. York's revered Archives are an inexhaustible source of inspiration and reference for the artists, designers, and stylists who create the beautiful images that become York wallpapers.

Look for this logo throughout the catalog to find York Archives designs.

Surface Print

Surface Print is the oldest automated printing method still in use today which utilizes raised images on an engraved roller to transfer colors to a continuous reel of paper. A heavy lay-down of inks, wet-on-wet printing, and a less exact image outline give this type of printing a very distinct look that is impossible to duplicate with modern presses.

Look for this logo throughout the catalog to find Surface Print Designs.

RESOURCE LIBRARY

ABOUT THE COLLECTION

A perfect pairing of quintessential opposites, the Black and White Resource Library is a mix of the best in classic style and current trends curated into one timeless color compendium.

ABOUT YORK WALLCOVERINGS

Created to cover the diversity and overarching themes which drive the home decor industry, the York wallpaper brand collections create an umbrella of distinctive and popular design options for walls inspired by social, trend and fashion influences.

NON-WOVEN

Non-woven is a blend of compressed natural cellulose and synthetic fibers that forms a high-quality wallcovering base. It does not expand and contract with moisture yet is breathable and resistant to tearing. Seams match simply, with paste being applied either to the wallpaper back or directly to the wall. Non-woven hangs and repositions with ease and removes in full strips. Once applied, the finish has a textural hand associated with upmarket installations.

SURE STRIP WALLPAPER

The newest generation of wallcoverings, Sure Strip® Wallpapers utilize a special high performance paper in combination with a technically advanced adhesive formulation to make installation easy and future removal even easier.

• REVOLUTIONARY NEW PAPER • ENVIRONMENTALLY FRIENDLY INKS •
PREPASTED – WASHABLE

Sure Strip® Wallpapers are the easiest wallpapers you'll ever put up...or take down.
