GROUNDING MURAL - CB1135M

GROUNDING MURAL - CB1135M

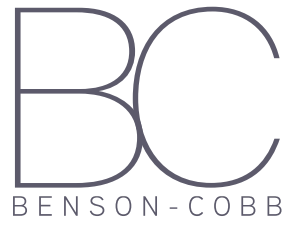

“I am an American artist. My work reflects a feeling created within a color palette with an emphasis on the way colors touch, layer, and define one another. My vision is to create a mood within the art, adding a hint of landscape or focal point, usually evoking a feeling of fluidity and emotion. My intentions are never to fully define a scene but to lead viewers in the use of their imagination and own life experiences to fill in the gaps.”

VOLUME 2

ABOUT THE COLLECTION

Murals Resource Library Volume 2 brings the very best in classic and modern motifs to the bold impact scale of mural applications. Incorporating themes which encompass classic, modern, scenic and fine art motifs, every style category can be represented with the personality and strong statement of a large-scale installation. Now including endless repeat murals for full room wraps, as well as traditional single wall and ceiling installations, the creative possibilities are endless.

ABOUT YORK WALLCOVERINGS

Created to cover the diversity and overarching themes which drive the home decor industry, the York wallpaper brand collections create an umbrella of distinctive and popular design options for walls inspired by social, trend and fashion influences.

NON-WOVEN WALLPAPER

Non-woven is a blend of compressed natural cellulose and synthetic fibers that forms a high-quality wallcovering base. It does not expand and contract with moisture yet is breathable and resistant to tearing. Seams match simply, with paste being applied either to the wallpaper back or directly to the wall. Non-woven hangs and repositions with ease and removes in full strips. Once applied, the finish has a textural hand associated with upmarket installations.

MYLAR WALLPAPER

Featuring metallic foil accents and printed on a vinyl surface with non-woven backing, this highly durable commercial wallcovering smooths effortlessly and is easy to remove.

VINYL WALLPAPER

Printed on a vinyl surface with non-woven substrate backing, this highly durable wallpaper smooths effortlessly, is easy to remove, and meets Type II requirements of CCC-W-408A.

ROLL SIZE

These are wall murals. Please see dimensions on roomsets.
