---

| QUIETWALL TEXTILE

# ABOUT QUIETWALL TEXTILE

High performance textiles bring a distinctive elegance of style and soft luxurious hand to affluent spaces. The woven textiles are antimicrobial, stain resistant and meet commercial standards for high performance.

---

## KEYWORDS

Fabric wallcovering, absorbs sound,  
reduces echo, soft to the touch,  
textural woven designs, cleanable top coat,  
bleach cleanable, sustainable

## INTRODUCING THE SMARTEST FABRIC YOU'LL EVER MEET.

RESIST STAINS | BEADS LIQUIDS | REJECTS ODORS AND BACTERIA

Liquid spills bead up giving exceptional protection from stains, odors, moisture and mildew, making cleaning a breeze!

Silver Ion technology is used to inhibit the growth of a broad spectrum of microorganisms, including bacteria. Silver is one of nature's original antimicrobials. Used thousands of years ago by Greeks in vessels to preserve water and wine, the natural benefits of silver are now being used to keep fabrics odor-free.

Safe for you and the environment, Crypton has been Greenguard gold certified. It is free of potentially harmful levels of PFOS, PFOA, formaldehyde, heavy metals, phenols, phthalates, odor and skin sensitizers.

**It will stand the test of time, giving you  
freedom to live without compromise.**

**STAINGUARD FABRIC PROTECTION** | Liquids bead which will resist stains and wipe away messes with ease.

## RUSTICA

The rugged texture of woven pattern

Rustica is a mix mastery of simple French toile de jute aglow in a sea of pearlescence. It is an ode to glorious glamour with quiet origins.
